We urgently need your help
to continue to help the dogs and cats in our care.

Paws Rescue offers the homeless dogs and cats in our community food, vaccines, surgery, comfort and adoptive new families to love them. We simply can't do this without you. Unfortunately, our funds are running extremely low and we having trouble paying for the animals that we have in our care AND we are steadily getting calls about animals in need that we are having to turn away. Below are just a few of the animals that we have received calls about recently. Please help us by making a donation and so that we can continue to give the animals in our community the second chance they all deserve.

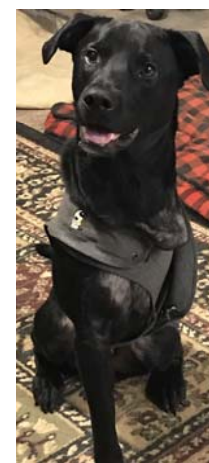

From all of our animals, thank you!
